INTRODUCTION

The Pettapiece Cemetery was established in 1882 on land owned by William Shanks. It is located in the S.E. corner of 24-13-21 WPM (approx. 8 km N and 1.6 km E of Rivers, Manitoba)

The Ephriam Graham family arrived from Ontario in mid-March 1982. With them came their invalid thirteen year old daughter Laura. Her death in June of that year was the first in the community. Mr. Graham with his neighbor, William Shanks, walked over their adjacent land seeking a suitable location for the burying ground. Being wet that spring, high ground on the south-east corner of Mr. Shanks' homestead (24-13-21) was chosen. The grave was marked with a picket fence.

In the early years this cemetery served not only this district but other areas within a radius of many miles including Rivers, Rapid City, Cardale and Oak River. However, it was not until 1911 that a deed to the land was registered at the land titles at Neepawa. The first trustees were Samuel Grummet, Matthias Pettapiece and George Kelly. The early graves are duly recorded but there is no record of business prior to that time. However in the Annual report of the church it is recorded that a fence was erected and trees planted around the cemetery in 1907. Receipts for that year were \$33.00, with expenses of \$20.00 and a balance on hand of \$13.00.

The records tell of a new fence being erected and more spruce seedlings from Riding Mountain planted in 1916. Through the intervening years the grounds have been steadily improved. With financial assistance in later years from the Municipalities of Blanshard and Saskatchewan and volunteer help, the cemetery is well maintained. An annual meeting and work-bee is held each year in the summer. The trustees are elected for a three year term, one retiring each year.

When the Pettapiece Church was closed and removed it was decided by the members of the church board to erect pillars for the cemetery gates as a memorial to the founders and workers of the church. A committee representing the church, the cemetery and the Pettapiece Women's Club, arranged to have the pillars built and a suitable plaque inscribed. The cemetery contributed the new gates. Many friends contributed to the pillars. The memorial gates were dedicated Centennial year 1967. Dr. H. J. Harland officiated assisted by former ministers the Rev. W. R. Donogh and Dr. Wesley Harland as guest speakers. Several members of pioneer families took part in the service. The inscription on the plaque "Ye are the salt of the earth" is a fitting epitaph to all the pioneers buried within the gates.

There have only been three "caretakers" since 1911: Thomas Shanks (1911 - 1945), Gordon Shanks (1946 - 1982) and Kaye Wolstenholme (1983 to present). The Rural Municipality of Oakview (formerly Blanshard) administers a perpetual care fund on behalf of the cemetery. Any inquiries should be directed to:

3. MONUMENTAL (TOMBSTONE) INSCRIPTIONS	21
4. NOMINAL INDEX OF NAMES	41

1. PLOT LAYOUT

1.1 General outline

S.E. corner of 24-13-21 WPM.

Plots are 16 feet x 16 feet, pathways are 6 feet.

1.2 Plot details

Showing subdivision (subplot) numbering

Subplots = 4 feet x 8 feet

All the graves are oriented E-W

Headstones generally face east.

They may be in the centre of the plot or at the head of any of the subplots.

Subplot designation: CW = cremation with burial on westerly half

CE = cremation with burial on easterly half

COL = columbarium – for private family burials

2. PLOT DATA FROM CEMETERY RECORDS

	<p>Robina Euing SHANKS – Wife of Arthur O. GRAHAM Born in Halton Co. Ontario Nov 12, 1865 Died Jul 2, 1913 at Rolla, North Dakota</p> <p>Arthur Oswald GRAHAM 1858 - 1932</p>

Notes

1. Non-historical phrases such as “In God We Trust” have been omitted from this compilation.
2. Spaces between inscriptions indicate location on the same monument (headstone)
Lines within a plot indicate a separate monument .
Blank rows within a plot indicate a plot with “split ownership”.

4. NOMINAL INDEX OF NAMES

The following is an alphabetical index to all names which appear in the monumental (gravestone) inscriptions or the cemetery records for the Pettapiece Cemetery. The format was modified from the publication “Who’s Where – A Guide to the Cemeteries of Rideau Township”¹.

Names, abbreviations, initials or dates and ages in the index generally correspond to those inscribed or listed. When there were differences between sources an attempt was made to clear the discrepancies. If that was not possible a “?” is used to indicate a possible error.

Married women have been indexed under both married and maiden names whenever possible from the information given. When indexed under the married name, the maiden surname appears in brackets after the name in the entry. When indexed under the maiden name, the married surname is underlined in the entry. Where the information is not conclusive, the name has generally been indexed under both surnames with no distinction made in the entry. Errors in judgment that may be revealed undoubtedly will have their origin in such problems of tombstone evidence; for example, a name presumed to be a maiden name may actually be a person’s middle name.

Plot numbers are given as a link to the cemetery records (CR) and monumental inscriptions (MI) files.
