

DO YOU NEED A DEVELOPMENT PERMIT?

In the Mid-West Planning District a Development Permit is required to be applied for when you are:

- constructing, erecting, altering, enlarging, relocating/locating, all buildings or structures
- establishing, altering, enlarging or intensifying the use of land buildings or structures, including all agricultural buildings and structures.

All development is required to be in conformance with the applicable Zoning and Building By-Laws.

Building Permits may also be required to be applied for and are required for changing the use or occupancy of a building.

Permits are also required for plumbing, demolitions and installation of mechanical systems.

Enforcement actions will be undertaken for any violations.
