

Attention: Bulk Water Customers

The Oak River Bulk Water Fill Station has been replaced by a new key fob system that will be active on

Monday, April 26th, 2021 at 9:00 AM.

In order to access the fill station as of April 26th, you must purchase a key fob for \$25.00 and complete an account application to activate your account.

The key fob will authorize use of the bulk water fill station at the Oak River Water Plant, located just East of Oak River on Highway 24.

You will receive email notifications of your current balance. Consumption of water will be tracked by your fob and billed quarterly.

If your fob becomes damaged or misplaced, inform the Oak River office immediately. A replacement fob will be available for a fee of \$40.00.

*Water Rates have not changed and remain as follows:
Minimal (up to 330 gallons) = \$15.50
Useage over 330 gallons = x .04705*

*Questions? Concerns?
Please contact the Oak River office at:
